Experience the best of 'the Camino'

This trip covers one section of the French Route between Burgos and León, two of the most interesting cities on this pilgrimage route, both declared World Heritage Sites by UNESCO.

Accommodation

The accommodation selected for this trip has been chosen according to location (daily stages to be covered), comfort and accessibility, both in rooms and common facilities. The standard accommodation on this trip will be in hotels*** and hostels (rooms with private bathroom). When a standard accommodation is not available, these categories may vary. Extra nights may be booked in Burgos and León.

Selected stages

This route includes stages between Burgos and León; 118 km divided into 6 stages with an approximate distance of 20 km each. In general terms, the stages are flat. The type of surface is different on each stage, but most sections follow compact dirt tracks. It takes around 5-6 hours to cover each stage.

The stages selected for this trip have been chosen following careful consideration of the terrain, relief, possible dangers due to physical barriers, type of surface and availability of nearby accommodation with accessible facilities. However, there are inevitably certain critical spots where those with visual or cognitive disability will need the help of their companion. There are also certain road crossings and short

sections along road shoulders, which cannot be avoided if one wishes to do the longer stretches of the 'Camino'. Therefore, travellers with disabilities and their companions must take certain precautions, just like any other pilgrim, to avoid traffic-related risks.

Transfer service

Throughout the programme travellers will have private transfers to the start of each stage, in addition to luggage transfer from hotel to hotel.
